STM32F103C8\_encoders\_TrueStudio/Src/main.c

# STM32 ARM family

## STM32 32-bit ARM Cortex MCUs

## STM32 Ecosystem

**Software tools**

- STM32CubeMX  
Configuration and initialization tool
- Integrated Development Environments (IDE)
- STM Studio  
Monitoring tool
- ▶ [More software tools](#)

**Embedded software**

- STM32Cube MCU Packages
- STM32Cube Expansion Packages
- ▶ [More embedded software](#)

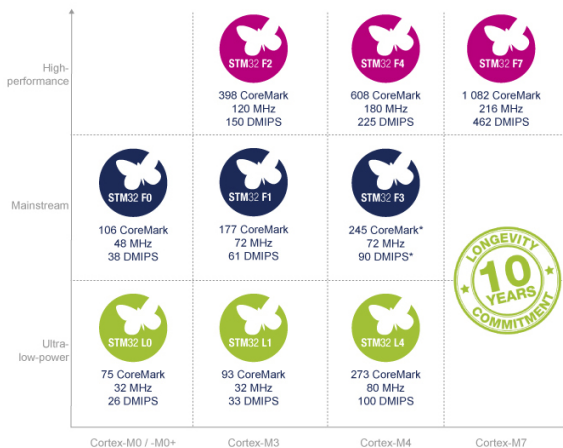

**Hardware tools**

- STM32 Nucleo  
development boards,  
Discovery kits,  
Evaluation boards
- STM32 Nucleo  
expansion boards
- ST-LINK in-circuit  
debugger/programmer

**Join the STM32 Community!**

# STM32F103C8

ARM Cortex-M3 MCU with 64 Kbytes Flash, 72 MHz CPU

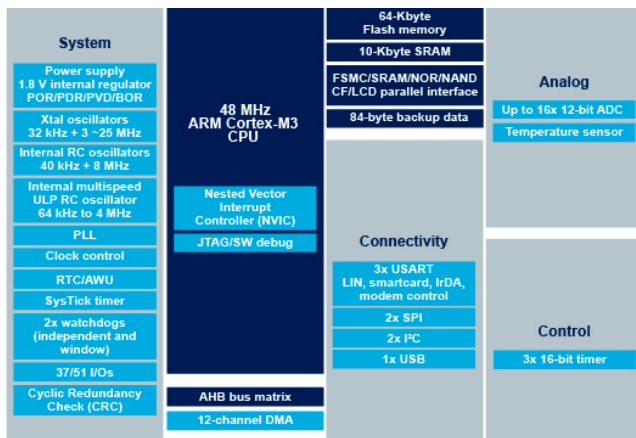

Image source: <http://www.st.com/en/microcontrollers/stm32f1-series.html>

## IDE (Integrated Development Environment)

- IAR-EWARM - just 30-day time-limited evaluation
- Keil MDK-Arm Lite - code size limit: 32 KBytes
- SW4STM32 - free, without restriction, not too powerful
- Attolic TrueSTUDIO
  - free without any restriction
  - now own by ST (2017-12-12)
  - similar powerful IDE as IAR or Keil
  - Windows / Linux
  - I recommend

## Other tools

Arm Mbed - IoT Device Platform

more info STM32 IDEs

## STM32CubeMX - initialization code generator

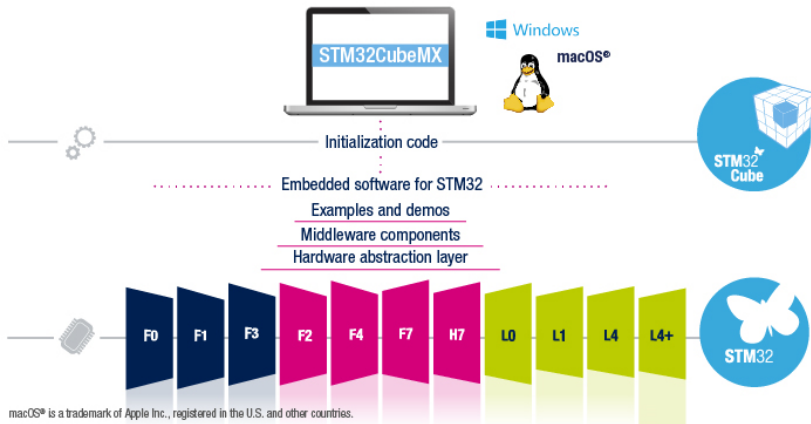

Image source: <http://www.st.com/en/embedded-software/stm32cube-mcu-packages.html>

## STM32CubeF1 - MCU Package for STM32 F1 series to CubeMX

- HAL
- Low-Layer APIs
- CMSIS (CORE, DSP, RTOS)
- USB
- TCP/IP
- File system
- RTOS
- examples for Discovery kits and Evaluation boards

## STSW-STM32102 - STM32 Virtual COM Port Driver

# Programmer and debugger - ST-Link (AliExpress - \$2)

Image source: <https://goo.gl/kfhSuU/>

How continue?  
Nucleo board + STM32 Education  
NUCLEO-L432KC (Arduino Nano compatible)

Thanks for attention
